

*Brighten the lives of needy children by participating in the
CHRIST CHILD SOCIETY'S CHRISTMAS GIFT GIVING PROGRAM*

An ongoing tradition which began in 1951, and continues to bring joy to countless deserving families across our community.

WE NEED VOLUNTEERS & YOU CAN HELP!!

Please consider contributing in one of the following ways ~

♥By adopting/sponsoring children of a needy family.

Names will be provided from the St. Vincent de Paul Society in mid to late November, so your patience will be appreciated! You'll then purchase and deliver toys to their home prior to Christmas. You may specify the # and or ages of the children you wish to sponsor, and we'll do our best to facilitate matches.

♥By making a monetary donation to the 2009 Christmas Gift Program

♥By shopping for gifts/toys...a great way to get into the Christmas spirit!!

♥By delivering gifts/toys that have been purchased by fellow members

IMPORTANT NOTES:

◆Our giving focus is on toys for these children at Christmastime.

◆Although our primary service age is children birth – age 12, there is a growing need for gifts/toys for older children ages 13-16, thus we will supplement families with older children with Target gift cards in order to offset the higher priced toys of interest to this age group.

◆As part of our continuing service to these families, an informational sheet regarding our services and gaining access to clothing will be passed along to each family we serve.

◆Please be patient with the referral process; St. Vincent's does not typically release names until mid – late November. We will make every attempt to secure some families prior to the Thanksgiving sales!

Thank you for giving of yourself, your resources, and your valuable time to bring the generous spirit of the Christ Child into the hearts of all His children.
